About Us

Natural Africa Concern (NAC) is fully committed in preservation of our natural world through educating the society affectively on environmental matters, engaging the same society in restoration and protection of nature as well as conducting research that guide in conservation.

NAC believe that when everyone in the society is well informed about the nature's interconnected systems that sustains life on earth, they will be inspired to strongly appreciated and live in respect with all other creatures in the planet.

Our Members

By becoming a member, you highly contribute towards achieving our mission. All your membership subscription will provide financial support in three main areas; Trainings in Natural History, community projects and conservation as well as in research work.
